

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
Town of Wellington
Failure to be Operated by State Certified Operator

The Colorado Department of Public Health and Environment requires that all public drinking water systems must be under the direct supervision of a certified operator at the appropriate certification level. We have received a violation because our water system is not being operated by a state certified operator at the appropriate level. Although this is not an emergency, as our customers, you have a right to know what happened, what you should do, and what we're doing to correct this situation.

What does this mean? What should I do?

On 1-2-2016 the certified operator let his certification expire.
The renewal application was turn in on 3-25-2016.
During that time there were other certified operator's employed by the Town.
The current Operator in responsible charge has completed the renewal.
He is currently a level 4 Distribution operator.

Sorry for this notice, State Regulation Section 100.18.5(b) of Regulation 100

✓ There is nothing you need to do at this time.

What is being done?

We have renewed the state certification operator 4.

For more information please contact **Michael Bean Utilities Superintendent 970-690-0357**
or by mail
3735 Cleveland ave.
P.O. Box 127 Wellington Co. 80549 .

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
